The first of these is the
 fact that the number of
 cases of the disease has
 been increasing steadily
 since the beginning of the
 year. This is due to the
 fact that the disease is
 highly contagious and
 is spread by direct contact
 with the infected person.

The second fact is that
 the disease is highly
 contagious and is spread
 by direct contact with the
 infected person.

The third fact is that the
 disease is highly contagious
 and is spread by direct
 contact with the infected
 person.

Ignorance
